

Comara Profile

Played by Cameron Shepherd

Sire: Anchor
Dam: Silhouette

'Profile's' mother, 'Silhouette' was a very good polo mare of Charles Hill's.
'Silhouette has a cross of Star Kingdom and Never in Doubt.

'Profile' started playing in 1997 when Cameron was working in NSW and playing for the Quirindi club. Profile was a very easy horse to break-in and start playing the game of polocrosse.

'Profile's' best attributes were that he was very light in the mouth and very light footed. He also had exceptional endurance and had an ability to play out a big game. The breeding of this horse provided the basis of a very consistent polocrosse horse that probably never played a bad chukka of polocrosse.
