Above is details of "Bellvue Reflection's" (aka Charlie) breeding.

He commenced his Polocrosse Career in 2002 and had only a handful of carnivals that season. The following season (2003) saw him have his first season of A grade and Stuart was selected to play Reflection at the NSW Zone Titles at Coffs Harbour and was a member of the successful Warwick Mens team that one the Queensland State Titles at Rockhampton that same year. The horse also won Champion Horse of the Toowoomba Carnival that year.

The following season 2004 was his most memorable to date having represented Queensland in the Open Mens team at Albury only to have to play in a foreign position of Number 3. This was to be the start of something new with both Stuart and the horse being the regular number 3 in the Warwick Mens team. Reflection won Champion Horse & Rider and Champion Horse at the Tansey carnival in 2004 and this resulted in "Bellvue Reflection" winning the prestigious "Mick Nolan Memorial Trophy" awarded to the Champion Horse in the South East Zone.

"Charlie" as we call him is a lovely horse to do anything with though a handful to work but this is all forgotten once you get on the Polocrosse field - a pleasure to play!
